

Karsan Transports Europe!

Karsan Atak on the Roads of Poland!

Providing modern solutions to cities through developing public transportation systems, Karsan continues to transport Europe with its Jest, Atak and Star models. Recently, Karsan exported two of its 8.1-meter long Atak buses to Poland. Thus, the total number of Atak exports reached 153.

Offering public transportation and commercial vehicles for the mobility needs of our age from its two factories located in Bursa for the last 50 years since its establishment, Karsan continues to provide European countries with Jest, Atak and Star models. The latest export by Karsan was the sale of two of its 8.1-meter long Atak buses to Poland. With this sale, the number of Ataks exported to European countries reached 64 while worldwide exports hit 153 in total. Last year, exports to the EU states amounted to 52% of the total exports made by Karsan.

Allowing a high passenger capacity of up to 60 persons thanks to its original design in aisle and seat placement, Karsan Atak offers accessible transport for every one with its "Foldable Accessibility Ramp" feature. Karsan Atak's Fiat Power Train (FPT) engine, which offers two different emission levels with Euro V and Euro VI engine options and provides 186 HP power and 680 Nm torque values, makes environment friendliness, high performance, and perfect fuel economy a standard feature. The rear engine maximizes trip comfort as well as allowing for an increased freedom of mobility inside the vehicle.

KARSAN

Karsan at a Glance

Established in 1966, Karsan Otomotiv Sanayii ve Ticaret A.Ş. operated under the Koç Group between 1979 and 1998 before becoming a part of the Kıraca Holding in 1998 when İnan Kırac bought the majority of the shares. With a vision to manufacturing a wide range of products from passenger automobiles to buses, minivans, and heavy trucks, Karsan's modern and flexible facilities in Bursa now produces H350 vans, minibuses, and trucks under the license of Hyundai Motor Company, in addition to Bozankaya brand electric buses and Menarinibus brand buses, as well as its original Karsan JEST, Karsan ATAK, and Karsan STAR models. The company also conducts the domestic and international marketing, sales and after-sale services of Karsan-branded products.
