Explanations	

Karsan Otomotiv signed a contract with the Norwegian VY Group, one of the public transportation authorities of the Scandinavian countries, for the sale of one 8-meter Autonomous e-Atak vehicle for use by the Finnish Remoted company in the city of Tampere.

With this agreement, our company aims to increase its presence in the Scandinavian countries market and become a solution partner for public transportation problems with our autonomous and electric vehicles.

Yours faithfully,

The English translation of this disclosure is provided and in case of any discrepancy between the Turkish and the English versions of this disclosure, the Turkish version shall prevail.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
